TRAVEL GRANT AWARD WINNERS

SL. No.	Paper ID	Author Name	INSTITUTE	LOCATION
1	97, 17	DEBAJIT DEB	National Institute of Technology, Agartala	Agartala, India
2	32	MADHUSUDAN B M	NIE Institute of Technology, Mysore	Mysore, Karnataka, India
3	72	VIJAY PATEL	Parul University, Vadodara, Gujarat, India	Gujarat, India
4	54	SUBHODEEP BARMAN	The university of Burdwan, Westbengal, India	Gangarampur, Dakshin Dinajpur, India
5	8	DR. K. SENTHILKUMAR	National Institute of Technology, Meghalaya	Shillong, India
6	6	PREASHA RAJPUT	Shri Mata Vaishno Devi University, Katra	Kakryal, Katra, Jammu & Kashmir, India
7	13	PARUL SHARMA	Shri Mata Vaishno Devi University, Katra	Kakryal, Katra, Jammu & Kashmir, India
8	39	C. ARVIND KUMAR	National Institute of Technology, Srinagar	Srinagar, India
9	108	DEEPIKA GAUR	The NorthCap University, Gurugram, Haryana, India	Gurugram, Haryana, India
10	40	R HUSSAIN VALI	National Institute of Technology, Srinagar	Srinagar, India

Important Guidelines For Travel Grant Award

- Due to present COVID-19 pandemic situation, if anyone, who receives 5NANO2020 travel grant award, is unable to participate physically this time (2020), can avail the travel grant award for the forthcoming 5NANO 2021 conference, provided, if they are registered for 5NANO 2021 conference which is scheduled on 29th & 30th April, 2021 at Mangalam College of Engineering, Ettumanoor, Kottayam, Kerala, India.
- The faculty member selected for the travel grant award must have been associated in teaching or guiding research projects in Nanoscience & Nanotechnology.
- While the conference organizing committee is interested in reimbursing travel expenses for travel grant award winners from the distant cities/towns, budget limitations may permit reimbursing these expenses only to some extent. Hence aspiring candidates for travel grant award are advised to opt for these reimbursements only on the need basis as your genuine discretion would help organizing committee to award travel grant to more aspirants.
- Travel expenses for reimbursement will be calculated as per shortest route of travel: by AC 3-Tier in Train/flight up to a maximum of Rs.5,000/- or actual (whichever is lower) for faculty, by AC 3-Tier/Sleeper class in Train/AC bus up to a maximum of Rs. 2,000/- or actual (whichever is lower) for students. Travel grant award winners are required to make their own accommodation arrangement.
- It is imperative that the travel grant award winners should attend tutorials and presentations on all days. A record of attendance would be maintained for the same. Lack of attendance may cause the reimbursement to be disapproved.
- Identity card showing their affiliation is a must to get the reimbursement.
